

# SARMAK FOR DEALERS

More than 10 years “SARMAK” Company has been rapidly and successfully developing production of steel exterior doors.

---

Adoption to the latest technologies let us expand our production options and provide our customers with quality products according to the European standards.

Regular upgrade of our warehouse program and updating the range of our offers - gives us a stable leadership position on the market and attract new partners.

---

# OUR STRENGTHS

# 01

Client-centeredness

=

long-term cooperation  
perspective.

*We focus on preferences of our  
customers and creating cooperation  
first of all based on interests of the clients.*

# Competitive price.

*On a regular basis we are monitoring and making analysis for the doors market.*

*Determination of clients' demand in specific segment and rival offers - gives us a base to create competitive prices that proves the quality of our products.*

# 02

Possibility to make an exclusive production of individual design and model range.

04

Info sharing.

*Innovation? Updates? Sale?  
Changes in warehouse program or  
in designs or prices?*

*We will inform you first!*

# Guarantees.

*We guarantee quality assurance and we are taking all responsibilities for warranty maintenance due established period.*

05

The most important - we are giving a possibility  
to be the best on market!

Sarmak produces only safe outdoor coatings and exclusive door  
specifications by patented technologie. Therefore you will buy a  
unique product with the possibility to sell it with exclusive prices.
